

Mawj - Book Borrowing & Buying Platform

Overview Mawj is a web-based platform that allows users to borrow and purchase books at competitive prices. The platform is designed to be accessible to everyone who has basic technological skills and enjoys reading.

Mawj offers a wide selection of books across all genres while ensuring a seamless and efficient user experience. The website is available in English and operates with Saudi Riyals (SAR) as the primary currency.

Features

- **Book Borrowing & Buying** – Users can either purchase books permanently or borrow them for a specific duration.
- **Search Functionality** – A robust search system that helps users quickly find books by title, author, or category.
- **Wishlist** – Users can save books for future reference and easy access.
- **Borrowing Extension** – Users can extend their borrowing period if they need more time with the book.
- **User-Friendly Experience** – The website is designed for easy navigation, ensuring that even users with minimal technical experience can browse and make transactions effortlessly.

How It Works 1. **Browse & Search** – Users can explore the vast library of books available for borrowing and purchase.

2. **Select a Book** – Choose between buying or borrowing based on preference.

3. **Make a Payment** – Complete the transaction using Saudi Riyals (SAR).

4. **Borrowing Period** – If borrowing, users will have a specific time limit and the option to extend their borrowing period.

5. Wishlist – Save books to check out later.

Payment & Delivery

- **Currency:** All transactions are processed in Saudi Riyals (SAR).
- **Payment Methods:** Supports standard online payment gateways (TBD).
- **Borrowing Duration:** Books can be borrowed for a set period, with an option to extend the borrowing duration if needed.

Access & Availability

- **Supported Devices:** Mawj is designed primarily for laptops, ensuring an optimized user experience on larger screens.
- **Languages:** The platform is available in English only.
